

AMTRON® 4You 100

**THE ENTRY-LEVEL CHARGING
STATION FOR HOME USE**

NEW

**100% climate
neutral**

Would you like to offer your customers an uncomplicated, cost-effective charging solution for home use without compromising on quality and design? Discover AMTRON® 4You 100 - especially developed for easy and safe charging without access control. Your customers have maximum flexibility when choosing the color of their wallbox. The cover can be replaced in a few simple steps and is available in 11 different colors.

Our wallbox impresses with its user-friendliness. The practical cable handling and LED status display make charging easy. With AMTRON® 4You 100, e-cars charge faster and more safely than via a Schuko socket - with a choice of 11 or 22 kW. Functions such as DC fault current detection, downgrade input, sleep mode and unbalanced load limitation ensure the safe operation of the wallbox.

Every AMTRON® 4You is manufactured in a 100% CO₂-neutral way.
